

Event Sponsorship Opportunities 2011

Boost your company's profile amongst an influential decision making audience. Strengthen market awareness of your products and services and highlight your position as a key industry leader.

Sponsorship of a RenewableUK event presents an ideal opportunity to boost your company's profile amongst an influential decision making audience comprising of manufacturers, developers, contractors, consultants, suppliers/service companies, electricity generators/utilities, financiers, insurance companies, research institutes, engineers, recruitment consultants and others from the rapidly expanding renewable energy sector.

The opportunities are diverse and vary in price and style, to appeal to a wide range of companies who wish to raise their profile at RenewableUK events. Sponsorship will provide you with a high profile opportunity to strengthen market awareness of your products and services as well as highlighting your position as a key industry leader.

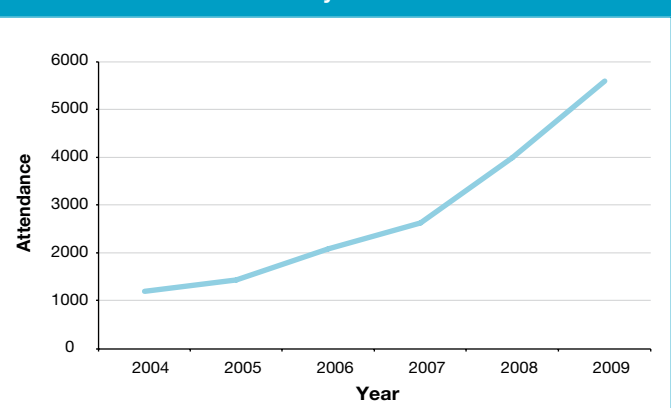

By participating in RenewableUK events as a sponsor, you will be placing yourselves at the heart of the debate and ensure your solutions, services or products are at the forefront of delegates' attention and consideration.

To ensure sponsors get the maximum return from their investment, sponsorship opportunities are restricted and limited. Priority will be given to members of RenewableUK.

Why Sponsor?

- Build your brand and enable you to meet/research your target audience
- Enhance your presence and generate new business
- Facilitate networking with leaders in this fast-paced industry sector.
